DATE: March 25, 2015

RE: Resolution – Pension and Health Benefits Reform

Recommend to adopt the resolution provided by New Jersey School Boards Association, the resolution pertaining to Pension and Health Benefits Reform.

WSP/b

## RESOLUTION

### **Pension and Health Benefits Reform**

**WHEREAS**, the health of New Jersey's public employee retirement systems affects the state's economy and its citizens' quality of life, and impacts critical functions, ranging from the state's ability to borrow to finance public works projects to its annual budget including state aid to education and, consequently, the operation of the public schools; and

**WHEREAS**, the New Jersey Pension and Health Benefits Study Commission, appointed by Governor Chris Christie in 2014, has issued its final report, "A Roadmap to Resolution," which proposes monumental changes in how public employee benefits, particularly the Teachers' Pension and Annuity Fund (TPAF) and the School Employees' Health Benefits Program (SEHBP), are financed and administered; and

**WHEREAS**, the Glassboro Board of Education believes that reform must balance the health of the state's retiree benefits programs with local school boards' responsibility to provide sound educational programming; and

**WHEREAS**, TPAF benefits are established by the state and not through local school board action; and

**WHEREAS**, post-retirement medical benefits are provided to TPAF retirees through state legislation, not local school board action; and

**WHEREAS**, the Glassboro Board of Education believes that the TPAF and any new retirement program for certificated school district staff must be funded by the state government; and

**WHEREAS**, the Glassboro Board of Education believes that transferring payment of the employer's contribution to the teacher retirement plan and post-retirement medical benefits from the state to local school districts would have a detrimental impact on the resources necessary to maintain educational programming; and

**WHEREAS**, to restore solvency to, and avert future default of, the state's retirement programs, the pension and benefits reform act of 2011 (*P.L. 2011, c.78*) includes a schedule of annual state payments designed to close the deficit of the plans that serve school district employees; and

**WHEREAS**, medical benefits for retired school employees, which will total over \$1 billion in 2015-2016, are a major cost-driver in the state budget; and

**WHEREAS**, the Glassboro Board of Education supports the current statutorily required employee contributions toward health benefits, which reflect current practice in the private sector and in public employment in other states, and have provided significant financial relief for local school districts, thereby enabling them to direct resources toward educational programming, including teacher employment.

**NOW, THEREFORE, BE IT RESOLVED** that the Glassboro Board of Education urges the state Legislature and Governor to ensure that the employers' cost for teacher pensions and post-retirement medical benefits—financial obligations created by the state—are not transferred to local school districts; and be it further

**RESOLVED**, that to provide local school districts and local property taxpayers with financial relief, the Legislature should amend *P.L. 2011, c.78* to make the current employee contributions toward health coverage a permanent requirement and not a subject of labor negotiations; and be it further

**RESOLVED**, that to provide further control over the cost of health benefits, the Legislature should give local boards of education unilateral authority to enroll in the School Employee Health Benefits Program if the board determines that such action would generate financial savings; and be it further

**RESOLVED**, that the Glassboro Board of Education supports the goal of reducing the overall costs of public employee health and retirement benefits and urges the state Legislature and Governor to take a studied and comprehensive approach that will ensure the long-term solvency of the state's public employee retirement programs without unduly burdening local school district budgets and endangering educational programming; and be it further

**RESOLVED**, that this resolution be delivered to Governor Chris Christie, State Senate President Stephen M. Sweeney, Assembly Speaker Vincent Prieto; and the 4th Legislative District's representatives in the state Senate and General Assembly; and be it further

**RESOLVED**, that a copy of this resolution be sent to the Gloucester County School Boards Association and the New Jersey School Boards Association.

Approved March 25, 2015
