Dear Dr. Mark Silverstein,

I am delighted to invite and confirm your participation as a member of the Rowan University College of Education Advisory Board. As a valued, respected member of the community, we welcome your rich experiences and expertise to inform and enhance our commitment to excellence and continuous improvement.

The Rowan University College of Education has prepared teachers and school leaders since 1923. Our diverse programs continue to offer educators the experiences and tools they need to positively impact schools and communities. Building on our 100 years of service, we seek to enhance and expand our programs and services to meet current and emerging education needs and demands with the help of the Advisory Board.

The Advisory Board members will meet two times annually and will spend that time learning about the current activity of our faculty, students and staff, and to help guide us to be a thought leader in New Jersey and beyond. The Board is consultative, advising the Dean and the College of Education administration. As a member, you will:

1. Assist the College of Education with networking and partnership opportunities that will bring positive recognition to the College and that will enhance the profile of the College and its work;
2. Act as an advocate for the College of Education and its students;
3. Discuss current trends in education via data provided by the administration and staff of the College, and assist the Dean and administration with identifying the impact of those trends;
4. Endorse the College of Education by allowing Board your name to appear in College and University publications and on our website;
5. The duration of the term is two years and is renewable; and
6. Membership on the Advisory Board is voluntary.

The inaugural meeting will take place on May 16, 2023. Membership on the Advisory Board is voluntary. You can learn more about the College of Education and its programs by visiting our website: [www.https://education.rowan.edu/](https://education.rowan.edu/).
