Board Action Requested:

Request that all GIS staff be approved to remain beyond contracted time for professional development tied to SMART Goals. A total of 60hrs @\$37/hour for a total of \$2200.

Details and ramifications:

Grant funded programs require additional training that may exceed the school day. This will allow for staff to remain and be compensated for their time and efforts.

Positives:

Teachers will be able to remain after school hours for professional development instead of being pulled out of classrooms during the school day.

Concerns:

Teacher availability. Even with financial compensation staff may not be able to stay for added training.

Other Comments:

Pending approval these could be extra virtual hours until we are back on a full day schedule.
