Re: School Bus Advertising

Recommend Board approval of a three (3) or five (5) year School Bus Advertising Participation Agreement with JMI Enterprises LLC to allow advertising on district school buses, subject to New Jersey law and Board approval, creating an additional revenue source for the district at no upfront expense.

Greetings,

School bus ads has been dedicated to providing districts with additional revenue for over 16 years. Our district contracts are currently only one year in length, however it has come to our attention that advertisers are interested in a longer term contract.

As an example: If an advertiser desires to enter into a contract in February, SchoolBusAds actually only has the school district contracted from February thru June posing an issue with new advertisers signing on. This modification to length of contract will ensure the buses are under contract longer than their advertising term.

With this being said, as well as our desire to ensure the continued success of the program, a 3 to 5 year term contract is imperative.

Concession contracts can be up to 5 years, attached are contract renewals that reflect the length of contract. These extensions align with standard **concession contract** norms and provide the long-term revenue stability districts often seek during budget planning. (Concession 5:34-9.4 G)

Please feel free to contact me if you have any questions or would like a call to discuss.

Thank You
