Subject: For BOE Agenda - Shared Services with Paulsboro

Approve Shared Services Agreement with Paulsboro School District.
Glassboro still needs additional part-time tech support and Paulsboro is looking for technical support as well.

Under the Shared Services agreement, Glassboro will hire and provide a PC Support Technician to Paulsboro for 4 days a week. Glassboro will utilize the technician for 1 day a week. All costs associated with the salary, benefits and cost of the employee will be paid for by Paulsboro with no cost to Glassboro.

The agreement will also include a reciprocal support/mutual aide clause which will basically allow each district access to other technical resources, in the event of an emergency or other urgent situation, at no additional cost or credit to either district.

We are seeking permission for the Superintendent and Business administrator to move forward with finalizing an agreement and hiring a technician.
