

GLASSBORO SCHOOL DISTRICT
Summer Food Service Program
June 16, 2014

The Glassboro School District will be serving a free lunch to all Glassboro students who are ages 18 and under. This program is eligible to all Glassboro students and will run from July 1 to July 31, Monday through Thursday, excluding July 3 and 4.

The site chosen for the program is Bullock School.

The serving time will be from 11:30 a.m. to 1:30 p.m. and will be supervised by two adults (either teachers or aides). We have advertised the program on the web. In addition, literature has been sent home with the students.

The school district has qualified for reimbursement through the New Jersey State Department of Agriculture. Currently it is anticipated that the reimbursement will cover most and possibly all of the cost of the program. However, this will depend upon enrollment activity. Upon the closeout of the program, the Board will receive a final report as well as an accounting of the program.
