### Board Action Requested:

Seeking Board of Education approval to accept a donation of \$1,000.00 from The Brain Alliance of New Jersey and for GHS to participate in the 5<sup>th</sup> Annual "U Got Brains Champion Schools Program." Glassboro High School has been selected as a Champion School in New Jersey and, if approved by the BOE, will be using these funds for the remainder of the school year to develop a unique project/s aimed at educating teens about the importance of safe driving.

### Details and ramifications:

Ms. Ragozzino, through her Friends of Rachel Club, and Officer Marchese have offered to advise the project. Mr. Beaver will also assist as he is the co-advisor for the Friends of Rachel Club.

### Positives:

Students will work collaboratively and across the disciplines to create a series of projects and a possible student assembly to educate their peers about safe driving. This program will be completely funded through the \$1,000.00 grant we have been awarded (if approved by the Board of Education). Also, selected schools will be chosen to further compete for one of three grand prizes, driving simulators, which would be a spectacular addition to our Driver's Education program at GHS.

### Concerns:

### Other Comments:

The Brain Injury Alliance of New Jersey has corporate sponsors that help them fund the program across the State. They are the Allstate Foundation, the New Jersey Division of Highway Traffic Safety, New Jersey Manufacturers Insurance Group, and the Brain Injury Alliance of New Jersey.
