## MEMO

---

To: Dr. Silverstein, Superintendent of Schools

From: Danielle Sochor, Chief Academic Officer

Date: January 25, 2016

Re: action memo  
January 27, 2016 board meeting

---

Requesting Board approval to provide professional development for our third grade team in the area of Mathematics. After careful analysis of our Benchmark Assessments, we would like to offer 1 hour per week of professional development afterschool to provide additional training in our new math program. Our consultant will model sample video lessons, that is, modeling of sprint fluency, concept application problems, as well as providing differentiation activities to meet the needs of our higher lever students. The consultant will also review the standards of Mathematical Practice.

**Funding will be provide through NCLB Title 11 Professional Development Funds.**
