Board Action Requested: Seeking Board approval of an updated pacing guide for year 2 of the new course, Math Proficiency, at GHS.

Details & Ramifications: This course is offered to students with IEPs, who are in need of a third year of mathematics to meet their math graduation requirement, but are not recommended to take our Algebra 2 Course. These proposed adjustments are a result of notes and reflections from the completion of year one.

Positives:

Concerns:

Other Comments: Ms. Metelow taught the course in year 1. She has done a nice job of taking notes and reflecting on the sequencing as the year has progressed. She received input from other department members, and I appreciate the time devoted to this important process.
